

Discovering the Magic of Mail on National Postal Day

Our young learners visited the local post office. They sent colourful postcards to their own home addresses and had a wonderful time learning about traditional means of communication and the fascinating journey of a letter. It was both fun and educational.

Dear Parents,

Greetings from our Kindergarten !!

The standout of the month was the field trip to the local Post Office. Our young learners had the opportunity to experience the magic of sending and receiving mail, learning about traditional communication and tracing the fascinating journey of a letter.

Another special occasion was the prize giving ceremony for our Talent Fest. The presentation of a trophy to each child served as a genuine expression of our appreciation and encouragement for their exceptional qualities and achievements. This act not only brought happiness to all but also underlined our belief that every child is valued and capable, assuring that no one feels inadequate in comparison to others.

Our ongoing art and craft projects kept our creative little artists busy with crafting beautiful dolls. Additionally, we celebrated two significant occasions: World Food Day and World Smile Day, spreading joy and awareness.

As we reflect on the experiences of the month, we are grateful for the little joys that fill our kindergarten.

It's indeed a privilege to be a part of your child's growth and education.

Ms Sajani Susan Philip
HEADMISTRESS

Every Smile Makes the World Brighter!

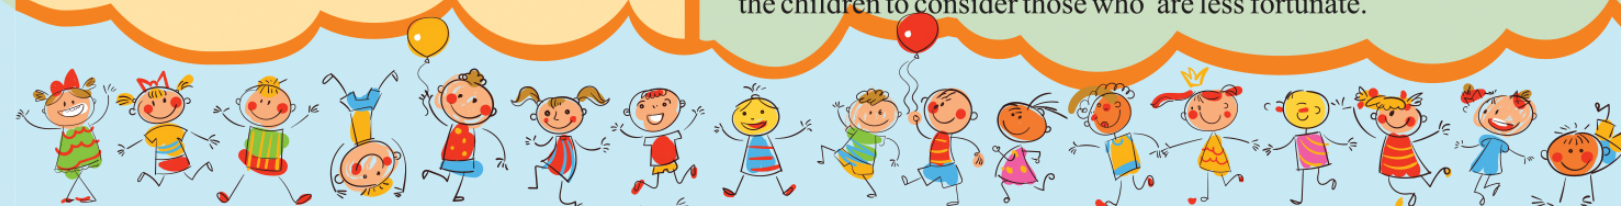

On World Smile Day, our kindergarten was filled with laughter and joy as children engaged in activities designed to evoke happiness. In addition to spreading joy and kindness, we also emphasized the importance of dental health for a beautiful and healthy smile.

Nourishing Minds on World Food Day

The kindergarten celebrated World Food Day by educating children about the food pyramid and the significance of eating a healthy diet. We also stressed the importance of not wasting food and encouraged the children to consider those who are less fortunate.

Every Child is a Winner

Following the Talent Fest at our kindergarten, every child received a trophy as a token of appreciation and encouragement for their unique qualities and achievements.

Unleashing Creativity...

*Creating
enchancing dolls
with a
twist of magic*

Crafts are an integral part of our curriculum and the children making dolls as a part of their creative projects was fun and hands-on experience for them.
