Issue 02 | July 2026

We are delighted to connect with you once again through our monthly newsletter.

As we reflect on July at **Viswajyothi Kindergarten**, our hearts are filled with joy at the gentle rhythm of growth unfolding in our classrooms. Our tiny learners are slowly finding their place in the school environment and forming affectionate bonds with their teachers. Their warmth, trust, and innocent joy brighten every corner of our campus.

A little moment from July...

A **cheerful little one** walked in one day with a bright smile and a curious question: "What are we doing today?" That question seemed to capture the spirit of July perfectly!

There was something new to discover every day—colours on **Rainbow Day**, laughter on **Opposites Day**, excitement at the **Football Fiesta**, and joyful celebrations for our **Principal's Birthday**. Our **Parent Orientation Programme** brought families and teachers closer, while our new **indoor play area** opened up a whole new world of fun.

At Viswajyothi, we believe that when children play, celebrate, and explore, they learn naturally—and July was a beautiful reminder of just that.
